Dedication

We dedicate this annual to Mr. James C. Langemak who retired as principal of Gibraltar High School at the close of the 1951 school term.

Mr. Langemak will long be remembered for his sincere interest in the problems of each student.

In this manner we wish to express our appreciation for the guidance and help which he so willingly gave.

The Senior Class of 1952

THE DECLARATION OF ADMINISTRATION

About fifty of our students are leaving Gibraltar High School having completed their four year course.

At such a time, one is moved to regret the parting because it is evident that thereafter those who were intimately associated in daily activity can meet only on rare occasions. There is a pathos in this thought that makes all of us linger to press each other's hand. At the same time it was known to all, that it must come about, that we must part. We have a mission to perform in life, a destiny to live. It is a law of life. Every mother regrets the passing of the childhood days of her baby, yet not one would really want her little one to remain a child indefinitely. In this same way, we, who have grown to mature stature both physically and mentally having discovered the change in ourselves, realize that we must move on to new fields of work.

What this work will be will depend on our ability. How high each one of us will climb depends not along on accidental opportunity. In many cases, it will depend on the resourcefulness of our imagination and above all, our willingness to work hard, to make sacrifices in order to prepare ourselves more adequately for our place in productive enterprise.

Whatever may become our position, great or obscure, we will have the opportunity to do our best. If we will apply ourselves diligently, we will, each one of us, share in the benefits that our richly endowed country has always given to every industrious youth. Depressions and wars have come, depressions and wars have gone, new crises appear, but America has always found a place for anybody who had the perserverance to keep on trying.

As the curtain closes on the drama of the high school days of the senior class, we join with the Board of Education, and the faculty in extending to them our congratulations and best wishes for real success.

Hears all, Sees all, Knows all--

Ten years have passed since the Senior Class of 1952 has left GHS behind. Let's look into our supersonic atomic crystal and see if there are any changes. Oh, what a change!

The first scene we see is the village of Sister Bay. There's Bunda's new drug store and we see Lois Lundquist working behind the counter. Their regular employee, Patsy Gerdman, has the day off. Glancing through some of the magazines we see some of our former classmates' pictures. Donna Lueders has just been named Miss Cover Girl of 1962. Phyllis Steinke is becoming very famous as a model for the Toni Home Permanent. Glenn Berns has just walked over to the magazine counter to pick up his weekly issue of the "Charles Atlas Muscle Building Course."

Moving on down to Ephraim we see several changes that have taken place. A sign "Albrecht's Evergreen Beach Hotel" hangs over a hotel we remember by a different name. Out on the lawn, Shirley Anderson, Helen Linden, and Betty Gauger are relaxing after a hard morning in the dining room. They are talking to Robert Reinhard who is the Dean of Agriculture at the University of Wisconsin and John Fitzgerald who is Dean of English at Cornell University. They are both spending their vacations here as special guests of the owner, Dean Albrecht. Here comes Marcella Anderson down the street. She has to do her shopping early because she and her husband Rollie Daubner are expecting company over the weekend.

Our next stop is Gibraltar High School. It certainly looks different. It must be the new building that changes the scene. Inside we find Mary Mann instructing her students how to be model librarians. Going into the gym we see Arlene Carmody teaching the girls P.E. classes. In the Home Ec. room we see Patsy Kriskha conducting her class. As usual Patsy is doing a fine job.

Continuing down the highway we enter Juddville. We are stopped by Thomas Gry, the new traffic cop. He tells us that Viola Copiskey is clerking at Eva's store and owns half interest. So we shall dash over to see her. Business is booming here since they have installed the new television set. While we are watching the screen, a flash comes over telling us that there is to be a televised court session. It seems that someone has been embezzeling the funds in James Stadler's Farmers Exchange Bank. Right now he is having a conference with his lawyer, Bud Larson. Nearby is the court secretary, Shirley Becker, taking notes on the cases. The honorable Judge Bernhardt Bittorf has just made his appearance and the case gets underway.

In the audience we see Daryl Olsen and his wife, Geraldine Kita. They have taken the day off from the post office which they have been operating for five years now. Kenneth Charnetski and Gerald Kita are also here. They were buying feed for their herd of Holsteins and decided to come and hear the case.

Now we take a quick trip over to Baileys Harbor to see what is going on. Entering the Baileys Harbor library, we see Darlene Duquaine going about her daily tasks as the head librarian. She is busy reading one of Marion Erickson's best sellers. Glancing through the papers we see in the headlines that Darlene Zak and Bernice Johnson are going to meet in Madison Square Gardens to determine who will be the lady wrestling champion of the world. Moreland Fandrei is to be the referee. Next we'll drop into Norton's store and see if Bill Hanson is still working here. We are informed by Ruth Anderson, who is trying to sell some of Reinhards maple syrup, that he has just left his job to manage the Reimer estate in Peninsula Center.

About two miles out of town we see a sign "Main Office of the Lonely Hearts Club", Ted Heise, Pres. We see James Overby here. He has just returned from Florida where he has been recuperating from his four tiring years at Gibraltar; now he is looking for a job.

Next door to the club is a building owned by Dallas Miller. A sign outside informs us that it is "Dallas' Gambling Casino." We decide to visit Dallas. While we are outside we hear a loud crash. It is an accident involving two of our former classmates, Doris Uhlemann and June Anderson. One of Parent's trucks driven by Doris and a Masterfreeze truck driven by June were completely demolished. While they wait for the police, we shall go and visit Dallas. While we are visiting, we hear these news flashes over one of Dallas' self-made radios.

Elaine Duquaine has just returned from Dallas, Texas, where she is employed as a first-aid nurse with the Wild West Rodeo. Donna Waller has once again completed her sensational tight rope walking act which has made her famous with the Johnson circus owned by Raymond Johnson. Ex-heavy weight champion, Gene Anderson, has just returned from a world wide tour along with Dean Logerquist who has just been named the champion skier of the Olympics which were held in Switzerland. Bill Beyers is campaigning for the presidency of the U.S. Eddie Raymond, his campaign manager, has just announced that Bill will be in Door County trying to get the support of the voters. Jerry Fischer, U.S. Senator, has been filibustering on the senate floor for three days. So far, he has said nothing. Leo Gardner has just been offered a job with the New York Symphony Orchestra. He will make his debut in Carneige Hall soon. One of the cars in the Brussels Stock Car Races got off its course, and is believed headed for Florida. Two of the companions of the driver, Fred Haskel have not been identified. Shirley Henry, who was residing in Missouri with her husband, has returned to Door County to operate a farm in Ellison Bay. Earl Orsted has just been named "All American Water Boy of 1962." He is under contract with the Green Bay Packers.

The scene in our supersonic atomic crystal fades as we come to the end of our journey.

ROOM FOR ONE MORE

No matter how hard it was to make ends meet, Poppy (Bill Beyer) and Mother Rose (Bernice Johnson) could never say "no" to a homeless child. Janey (Arlene Carmody) their latest acquisition was somewhat of a problem. They had promised the Home to keep her for two weeks. It wasn't that Janey didn't want to belong,she just didn't know how. George Biddle (Leo Gardner) and a rescued woman (Patsy Gerdman) help give Janey confidence. Then Miss Winston (Doris Uhlemann) from the Home, comes a day earlier to take Janey back with her. Janey rebels. She doesn't want to go. The rest of the Rose children,Trot (Darlene Duquaine), Teensie (Mary Mann), Joey (Bob Reinhard) decided that Janey could stay. Jimmy John (Earl Orsted) another unfortunate who had been waiting out in Miss Winston's car comes in. Jimmy John is not only a problem child but wears braces on his legs. Mother's heart goes out to the boy and before she realizes it, Jimmy John is taken into the ever-growing family. Then in the midst of their hectic, but happy existence, tragedy strikes. Poppy succumbs to a heart attach. Mother's real and adopted family rally around and pitch in to keep the Pumpkin Shell going. It's not easy, for Joey is starting his first year at medical school in the fall, but Betty Bittle (Donna Lueders), Joey's girlfriend, wants to get married. When Joey realizes how tough things are for the family, he decides to give up medical school and accepts a job. Jimmy John is making remarkable strides. Several operations enable him to walk with hardly a trace of a limp. Mother decides to sell the Pumpkin Shell. Jimmy John overhears Mother telling Mrs. Biddle (Shirley Becker). Jimmy John realizes that the bills for his operations make it necessary to sell the Pumpkin Shell, so he runs away. The kids find him and bring him back. Then like a sudden burst of sunshine, fortune smiles upon the Pumpkin Shell, and all because of Jimmy John.

The Future Homemakers of America was organized in the fall with forty two members. Girls who have had one year of Home Economics or are presently enrolled in Home Economics may become members of the FHA.

The purpose of the FHA is to broaden the scope of Home Economics training and working together as a group to make better Future Homemakers.

This year the girls have been very busy during the entire year. In October a square dance was held with the FFA. November saw us planning and preparing a ham dinner for the public. The dinner was served to 225 people in the gymnasium. The tables were decorated with white cloth and turkey centerpieces. Also in November, Miss Buss took the officers to a leaders training meeting held in New Holstein. In December a style show was held, to which the mothers of the girls modeling and the wives of the faculty were invited. After the style revue, coffee, cookies and tea sandwiches from a candle lighted table. Also in December FFA and FHA held a joint Christmas party in the gymnasium.

In January five girls were busy in the Home Economics room baking cherry pies. They were Sharon Wagner, Beatrice Duquaine, Nancy Stoll, Beverly Lind, and Evelyn Knudson. The pies were judged and Evelyn was chosen to represent our school in the cherry pie baking contest at Sturgeon Bay where she placed third.

February usually brings demonstration work for the FHAgirls. This year the two girls chosen to represent us were Marilee Jensen and Sharon Wagner. The The district contest was held at Brussels on February 25th. Marilee placed second in the contest at Brussels. She was the only FHAcontestant who placed in the contest from Door County.

In March the Forensic Contest will be held at the high school and the girls will serve a lunch to the group.

Another new activity carried on this year is the radio programs in which the girls participated.

Some future activities planned are attendance at the State FHA convention June 3-5 at Green Lake, FHA Spring Style Revue, trip to some point of interest and a Mother-Daughter banquet at the end of the school year.

The girls have sold pin cushions, chocolate milk, and Spanish hamburgers to earn money for their organization.

THE HOMECOMING

A 6-0 victory over Sevastopol on October 26, helped make our Homecoming a great success.

Our duke, Bill Hanson, choose Geraldine Kita as his duchess. The royal court consisted of Joyce Orsted, Tom Zak, Virginia Reimer, Allen Albrecht, Ruth John, and Wayne Mickelson. They lead the grand march at the dance which was held in the gym in the evening.

Everyone enjoyed themselves dancing to the music of Stan Stanford.

THE PROM

The theme "Fairy Land" of the 1951 prom, held on April 22, was accomplished by erecting a circular staircase in the center of the gym with a life size fairy queen standing on one of the steps. The entire gym was trimmed with colored crepe paper and the refreshment committee served punch in a booth in the form of a fairy castle.

Daryl Olsen and Doris Uhlemann reigned as king and queen. Others of the court were: Geraldine Kita, Dean Albrecht, Ruth Anderson, Ray Slaby, Shirley Becker, Jerry Fischer, Helen Linden, Bill Hanson, Lois Lundquist, Bernhardt Bittorf, Patsy Gerdman and Gerald Kita.

Duke Janda and his orchestra furnished the music. The strains of "Good Night Ladies" ended a very happy evening for all.
